- Crown
- Permanently Cemented
- Temporarily Cemented

Remarks: _____

IF YOU HAVE DENTAL INSURANCE

As a service to you, and for your convenience, we will file your insurance claim forms with the information you provide us at the time of your initial appointment. We are preferred providers with many of the more common dental insurances. Please contact us to find out if we are currently contracted providers on your plan.

If we are preferred providers for your dental insurance we will try to provide you an estimate of what your respective carrier may pay. What we tell you over the phone is an estimate only, not a guarantee of coverage. Ultimately, you are responsible for the down payment/co-pay quoted over the phone IN FULL at the time of your appointment. Much of your coverage depends on the specifics of your plan and how much of your annual benefit you have already used. We cannot control what your insurance company will or will not pay. We have found that some insurance companies do not cover all dental services.

If we are not preferred providers with your dental insurance company we can still provide treatment for you. It is important for patients to know that if we aren't providers on your plan, your dental carrier may not pay for any of the proposed treatment. In these cases, a down payment of no less than \$300.00 is required at the time of service.

IF YOU DO NOT HAVE DENTAL INSURANCE

We offer two payment options if you do not have dental insurance:

- 10% discount is available for payment in full at the time of the appointment.
- If you desire to make payment arrangements, our office works with a third party company called CareCredit. CareCredit is a healthcare company that provides you with a line of credit for treatments and procedures. We offer a six-month interest free payment plan through CareCredit. You can apply for a line of credit with CareCredit through their website at www.CareCredit.com. We can also submit the application through our office at the time of your consultation/treatment.

Please be advised that CareCredit's approval process is based upon the credit history of the applicant. Utah Valley Endodontics cannot guarantee that your application for funding will be accepted.

*Patients 18 years of age or under **must** have a parent or guardian present to give written consent for treatment.*

*If you are unable to keep your appointment, please give us the courtesy of 24 hours advance notice.
Thank you for your consideration.*
